You chose: **Campfire Ice Cream**
Your book pairing: **IF THERE'S NO TOMORROW**
by Jennifer L. Armentrout

Bask in the last, nostalgic vestiges of summer with the emotionally compelling *If There's No Tomorrow*. Lena Wise is going into her senior year of high school with her possibilities wide open before her, college and romantic aspirations included—until one night, and one wrong decision, derails her future at a devastating price.

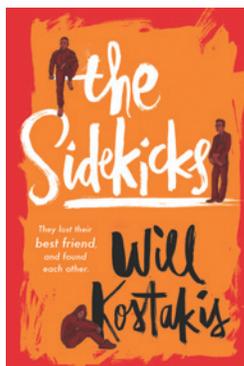

This is a tale to be cherished slowly, preferably with toasted marshmallows on top of a scoop of vanilla ice cream. Drizzle with graham cracker crumbs and chocolate syrup for good measure.

You chose: **Old-fashioned Coca-Cola™ Float**
Your book pairing: **ALL RIGHTS RESERVED (WORD\$ #1)**
by Gregory Scott Katsoulis

Go old-school, and take a moment to appreciate living in a world where we aren't electronically monitored and charged for our every word and gesture...all of which are copyrighted, patented, or trademarked in the appropriately chilling *All Rights Reserved*.

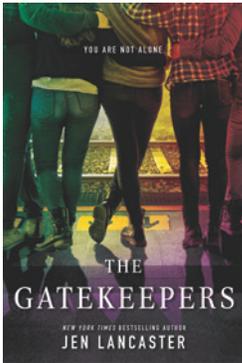

For a truly old-fashioned version of this float, fill a tall glass to the brim with ice cubes, pour in your coke, and top with a dollop of whipped cream. (Note from publisher: Thankfully, this was not a paid endorsement by a soda pop company.)

You chose: **Breakfast Ice Cream**
Your book pairing: **THE SIDEKICKS** by Will Kostakis

You have the eating habits of a rebellious teenager and might appreciate the poignant *The Sidekicks*, which chronicles the highly complicated, not-quite-yet-friendship of three teen boys in this novel about identity, grief, and healing.

To create your perfectly salty-sweet concoction worthy of the combined appetite of three teen boys, heap crumbled bacon and waffle bits onto a whopping mound of vanilla ice cream.

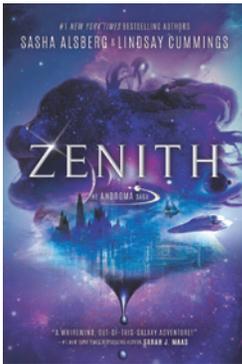

You chose: **Salted Caramel Ice Cream Affogato**

Your book pairing: **THE GATEKEEPERS** by Jen Lancaster

For those who appreciate a darkly sharp but searing novel, we suggest *The Gatekeepers*. When teenagers in an idyllic small town begin to succumb one by one to the pressures of their high school's impossible academic legacy, a group of students decides enough is enough ... and bands together, determined to save their own.

Pour espresso or strongly brewed coffee over a scoop of salted caramel ice cream, and drizzle with caramel to help soften the novel's emotional blow.

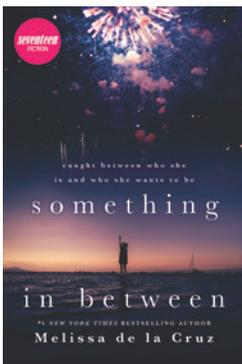

You chose: **Sparkling Popsicle Float**

Your book pairing: **ZENITH (THE ANDROMA SAGA #1)** by Sasha Alsberg and Lindsay Cummings

You'll want to gather your squad for these Instagram-favorite treats, then group-plunge into this high-stakes, sci-fi saga starring a fearsome, all-girl space pirate crew.

Pop a fruit pop upside down into each glass of sparkling lemonade, and voila! Selfie-ready summer treats for you and your space crew.

You chose: **Citrus SoCal Float**

Your book pairing: **SOMETHING IN BETWEEN** by Melissa de la Cruz

Sink deep into a romantic L.A. summer with *Something in Between* and meet the beautiful, fierce Jasmine—an all-American high school cheer captain and valedictorian who's determined to reclaim both her dreams and her budding romance with the handsome son of a politician after she learns her family is undocumented.

Kick back with a glass of sparkling pink lemonade and a scoop of lemon sorbet to enjoy this sultry, layered novel about chasing your dreams.

You chose: [Movie Night Ice Cream](#)

Your book pairing: **THE RAVENOUS** by Amy Lukavics

Snuggle up with the horror novel THE RAVENOUS, which shows how far (hint: VERY FAR) four sisters will go to keep their family together.

Scoop some popcorn, your favorite chocolate candies, and peanuts to top your ice cream flavor of choice and get ready to encounter some truly spine-chilling scenes. (You've been warned...)

You chose: [Spiked Shirley Temple Ice Cream Soda](#)

Your book pairing: **THE BLACK WITCH** by Laurie Forest

You are keen for something a little more grown-up and may just be able to relate to the protagonist in THE BLACK WITCH, the first in this epic fantasy YA series. Follow the sheltered Elloren, who is eager to receive her magical tutelage as she heads off to her first year at the prestigious Verpax University—only to receive a necessary education of a very different kind.

Toast to growing up with a drizzle of kirsch liqueur over a scoop of cherry ice cream, a pour-over of ginger ale, and finally a brandied cherry or two to top it all off!
